**Description of the Proposed Project [24 CFR 50.12 & 58.32; 40 CFR 1508.25]:**

The Dual Diagnosis Permanent Supportive Housing (DD PSH) project provides housing & specialized, supportive services for 19 persons meeting the DedicatedPLUS criteria. Persons experiencing chronic homelessness (CH) will be prioritized. While the project has a "No Wrong Door" approach for referrals within the CoC, the majority are expected to be referred from either the Coordinated Entry process or the CH Master List process on which all emergency shelters and street outreach providers participate. There are no preconditions of minimum income, sobriety, nor program requirements of medication compliance/service participation. A Vulnerability Index-Service Prioritization Decision Assistance Tool assessment will be conducted at the time of referral to ensure the project is the most appropriate housing option & to identify needed services in order to expedite access. United Way of the Plains will coordinate & contract with: 1) United Methodist Open Door (UMOD) which will lease scattered-site apartments in order to quickly provide housing to participants using sub-leases to remove barriers that would ordinarily stop or slow-down the process of obtaining housing. UMOD will provide specialized housing support in situations that might otherwise cause eviction & serve as a liaison with the property owner/manager, when needed; and 2) Miracles, Inc. (MI) which will apply their expertise as licensed professionals in the treatment of dual diagnosis to help participants manage the symptoms of their mental illness & substance use disorder. Project funded staff of MI will engage & support participants' recovery & wellness through case management services, peer-to-peer counseling & clinical substance use treatment services. MI has years of experience connecting homeless persons to needed services & resources, including strategies to increase income & stretch limited budgets. Because of these formal partnerships, there will be understanding & acceptance of each participant's stage of recovery. Participants with severe needs & vulnerabilities will have access to exceptional housing support & experienced service providers who will help them reach their personalized goals for housing stability & increased income. Units at Waterpoint Apartments located at 802 S Water and two units in a four-plex owned by Calkan Apartments LLC located at 1219 and 1225 N Minnesota, will be leased for this proposed project.

**Level of Environmental Review Determination:**

**Categorically Excluded per 24 CFR 58.35(a), and subject to laws and authorities at 58.5:**

**Determination:**

	This categorically excluded activity/project converts to <b>EXEMPT</b> per Section 58.34(a)(12), because it does not require any mitigation for compliance with any listed statutes or authorities, nor requires any formal permit or license; <b>Funds may be committed and drawn down after certification of this part</b> for this (now) EXEMPT project; OR
✓	This categorically excluded activity/project cannot convert to Exempt status because one or more statutes or authorities listed at Section 58.5 requires formal consultation or mitigation. Complete consultation/mitigation protocol requirements, <b>publish NOI/RROF and obtain "Authority to Use Grant Funds"</b> (HUD 7015.16) per Section 58.70 and 58.71 before committing or drawing down any funds; OR

	This project is not categorically excluded OR, if originally categorically excluded, is now subject to a full Environmental Assessment according to Part 58 Subpart E due to extraordinary circumstances (Section 58.35(c)).

## Endangered Species

General requirements	ESA Legislation	Regulations
Section 7 of the Endangered Species Act (ESA) mandates that federal agencies ensure that actions that they authorize, fund, or carry out shall not jeopardize the continued existence of federally listed plants and animals or result in the adverse modification or destruction of designated critical habitat. Where their actions may affect resources protected by the ESA, agencies must consult with the Fish and Wildlife Service and/or the National Marine Fisheries Service ("FWS" and "NMFS" or "the Services").	The Endangered Species Act of 1973 (16 U.S.C. 1531 <i>et seq.</i> ); particularly section 7 (16 USC 1536).	50 CFR Part 402

### 1. Does the project involve any activities that have the potential to affect species or habitats?

- ✓ No, the project will have No Effect due to the nature of the activities involved in the project.

This selection is only appropriate if none of the activities involved in the project have potential to affect species or habitats. Examples of actions without potential to affect listed species may include: purchasing existing buildings, completing interior renovations to existing buildings, and replacing exterior paint or siding on existing buildings.

Based on the response, the review is in compliance with this section.

No, the project will have No Effect based on a letter of understanding, memorandum of agreement, programmatic agreement, or checklist provided by local HUD office

Yes, the activities involved in the project have the potential to affect species and/or habitats.

HUD's noise regulations protect residential properties from excessive noise exposure. HUD encourages mitigation as appropriate.	Noise Control Act of 1972  General Services Administration Federal Management Circular 75-2: "Compatible Land Uses at Federal Airfields"	Title 24 CFR 51 Subpart B

**1. What activities does your project involve? Check all that apply:**

New construction for residential use

Rehabilitation of an existing residential property

A research demonstration project which does not result in new construction or reconstruction

An interstate land sales registration

Any timely emergency assistance under disaster assistance provision or appropriations which are provided to save lives, protect property, protect public health and safety, remove debris and wreckage, or assistance that has the effect of restoring facilities substantially as they existed prior to the disaster

Executive Order 11990 discourages direct or indirect support of new construction impacting wetlands wherever there is a practicable alternative. The Fish and Wildlife Service's National Wetlands Inventory can be used as a primary screening tool, but observed or known wetlands not indicated on NWI maps must also be processed. Off-site impacts that result in draining, impounding, or destroying wetlands must also be processed.	Executive Order 11990	24 CFR 55.20 can be used for general guidance regarding the 8 Step Process.
